

Base scanned from U.S. Geological Survey Napa (1983), Lodi (1993), Stockton (1989) and San Francisco (1978) 1:100,000 topographic maps

Universal Transverse Mercator projection

This report is preliminary and has not been reviewed for conformity with U.S. Geological Survey editorial standards or with the North American Stratigraphic Code. Any use of trade, product, or firm names is for descriptive purposes only and does not imply endorsement by the U.S. Government.

This database, identified as "Preliminary geologic map emphasizing bedrock formations in Contra Costa County, California. A digital database" has been approved for release and publication by the Director of the USGS. Although this database has been subjected to rigorous review and is substantially complete, the USGS reserves the right to revise the data pursuant to further analysis and review. Furthermore, it is released on condition that neither the USGS nor the United States Government may be held liable for any damages resulting from its authorized or unauthorized use.
